Instructions

General information

Each sale of motor fuel in New York State for purposes of resale must have a certification of tax payments from the seller to the purchaser. However, a certification of tax payment is not necessary for transfers made before or during the importation of the motor fuel into New York State.

To the seller:

This certificate may be reproduced or may be incorporated into any invoice or other billing document if all the information (including the seller's signature) on this form is included. No signature is required if the seller is a registered distributor of motor fuel pursuant to Tax Law Article 12-A. This alternative document must also state ***I certify that the amount of tax shown has been, or will be, paid by me or my supplier or, if no motor fuel tax, petroleum business tax, or sales tax is shown, I certify that no such taxes are being charged on the motor fuel based on an exemption.***

If providing a certification at the time of delivery is impossible due to the circumstances of delivery (for example, sales at an unmanned terminal), a seller may request permission from the Tax Department to use preliminary certifications. A seller should send a request to issue preliminary certifications to: NYS Tax Department, TDAB-FACCTS, W A Harriman Campus, Albany NY 12227-5501.

If not using U.S. Mail, see Publication 55, *Designated Private Delivery Services*.

To the purchaser:

Attach this certificate to the invoice(s) or delivery ticket(s) covering the above purchase and keep these documents as part of your records for a three-year period.

Failure to obtain and keep a copy of this certificate for each purchase of motor fuel from a supplier will subject you to liability for motor fuel taxes on that purchase.
